## EDUCATION

---

### Guru Gobind Singh Indraprastha University

*Bachelor of Technology in Computer Science And Engineering*

New Delhi, India

*Dec. 2020 –Present*

### Jain Bharati Mrigavati Vidyalaya

*Higher Secondary Certificate Percentage Scored: 87.4*

New Delhi, India

*April 2019 - March 2020*

### Chhotu Ram Public School

*Secondary School Certificate Percentage Secured: 87*

New Delhi, India

*April 2017 - March 2018*

## EXPERIENCE

---

### Software Developer Trainee

*TECHMUNITION SOFTWARE CONSULTANCY LLP*

Aug. 2023 - Sep. 2023

*Delhi, India*

- Worked on a leading labour management application.
- Gained knowledge in and around web applications.
- Developed considerable skills including Python and Django.

### Data Science Intern

*LET's GROW MORE*

Dec. 2022 - Jan. 2023

- Experienced data visualization using Matplotlib and Seaborn.
- Skilled in leveraging Python's Machine Learning ecosystem for impactful solutions.

### Digital Forensics Intern

*VIEH GROUP*

July 2022 - Sep. 2022

- Successfully created a project for file recovering deleted files
- Proficient in utilizing multiple digital forensics tools for data analysis and investigations.

## PROJECTS

---

- **Labour Management System** | *Python, Django, HTML, CSS, JavaScript, RDBMS*
  - \* A comprehensive solution designed to optimize labour utilization and enhance communication.
- **Prediction using supervised and unsupervised learning** | *Python, SQL, Pandas, Machine Learning*
  - \* Implemented ML algorithms to predict student performance based on study hours and determine the optimum number of clusters in the 'iris' dataset visually.
- **Credit Card Fraud Detection** | *Python, Machine Learning, Cybersecurity*
  - \* Building a fraud detection system using machine learning techniques for a dataset with a very low prevalence of fraudulent transactions.

## TECHNICAL SKILLS

---

**Programming Languages:** Python, HTML, CSS, SQL

**Databases:** MySQL, Oracle

**Libraries:** Sklearn, Pandas, Numpy, Seaborn, Matplotlib

**Frameworks:** Django

**Tools/Platforms:** VSCode, Kaggle, Jupyter Notebook

**Operating Systems:** Windows

**Soft Skills:** Creative Thinking, Good Communication, Teamwork, Time Management, Adaptability, Problem Solving

## CERTIFICATES

---

**WEB and MOBILE DESIGN (UI/UX)** | UDEMY | 2023

**PYTHON 101 FOR DATA SCIENCE** | COGNITIVECLASS.AI | 2022

**SKILL CERTIFICATIONS** | HACKERRANK | 2021

**PYTHON** | KAGGLE | 2020
